When is the last time your retirement plan underwent a thorough examination?

Don't worry.
We won't need to take blood.

At Kenwood Financial Group, we specialize in extensive retirement plan examinations.

• **Plan Design** - Is your plan properly designed to meet the needs of your employees as well as the company?

• **Fees** - Do you know how much you are paying in plan expenses and fees?

• **Education** - Are your employees being properly educated on the benefits of participating in the retirement plan?

• **Investment Options** - Does your plan offer an appropriate mix of high quality investment options that allows a participant to build a diversified portfolio that meets their needs?

• **Time Management** - Are you spending too much time on the retirement plan when your top priority should be focused on the day-to-day operations of your business?

To schedule an appointment for a **free** independent review of you retirement plan, please contact:
